

Exhibit G: Public Works, Parks, Gates, Equipment, Utilities, and Lake Management

Prepared for: Memorandum to the Village Board of Tuxedo Park

Accomplishment register

Mayor / administration	Date / period	Project or measure	Description	Evidence basis
McFadden	2017–2023	Group mailbox stands	DPW built standardized group mailbox stands in-house, including a Continental Road installation and site landscaping	Village reports and purchase records
McFadden	2017–2023	Village-owned traffic triangles	Leftover granite blocks from the Wee-Wah Dam project were repurposed for repairs to Village-owned traffic triangles	McFadden firsthand statement; no avoided-cost amount stated
McFadden	2017–2023	Multi-skilled DPW staffing	Administration recruited workers with complementary carpentry, stone-masonry, plumbing, electrical, mechanical, and general-construction skills and used qualified staff for appropriate in-house work	McFadden firsthand statement; monthly Village reports corroborate varied in-house work
McFadden	2017–2023	Equipment and supply inventory	Administration inventoried DPW and Police vehicles, equipment, and supplies and used the baseline to guide current and future purchases	McFadden firsthand statement
McFadden	2021–2022	Surplus-equipment auction	Unusable or surplus DPW equipment was offered through Auctions International; \$8,545 was received from 10 of 11 items by April 2022	Auction authorization documented; April 2022 report and proceeds records await recovery
McFadden	2017–2023	Use of auction proceeds	Sale proceeds were reused for needed DPW and Police equipment purchases	McFadden firsthand statement
McFadden	2017–2023	Wee-Wah Park	Administration improved the beach and shoreline, trees and landscaping, grills, picnic tables, dog-waste facilities, storage, and welcome or security facilities	Village reports, financial records, and McFadden firsthand statement
McFadden	2017–2023	Village identity signs	Added signs for the Front Gate, Village Office, and Wee-Wah Park and Beach Club; McFadden designed the signs and DPW assisted with installation	Main Gate sign authorization documented; ledger awaits recovery; design and location details attributed to McFadden
McFadden	2017–2023	SafePassage gate access	Implemented automatic gate access using license-plate recognition for registered users	Village implementation record
McFadden	2017–2023	Replacement Main Gate traffic booth	Replaced the booth with protective construction, security glazing, reinforced foundation work, and vehicle-impact protection	Village project records and McFadden firsthand statement

Mayor / administration	Date / period	Project or measure	Description	Evidence basis
McFadden	2020–2023	Front Gate restoration	Repainted the original iron gate, restored its lanterns, opened views to August Brook, and improved the adjacent landscape and retaining-wall area during the 2020–2023 term	McFadden identifies monthly DPW reports; specific reports and dates remain to be recovered
McFadden	2005	Police civilian-vehicle parking	A 2005 rule required officers' civilian vehicles to park behind the Police Station or Lodge rather than in front of the Keep, leaving the front area for police cruisers	Archived 2016 Board account describing the existing 2005 rule
McFadden	2017–2023	Contractor use of South Gate	Contractors were permitted to exit through the South Gate to reduce the recurring Main Gate queue	McFadden firsthand statement
McFadden	2017–2023	O&R coordination and reliability	Village coordinated staging and vegetation work during the grid upgrade. McFadden reports rental of Village space and fewer blackouts.	O&R documents its grid project and vegetation work; rental arrangements and outage improvement remain McFadden's account.
McFadden	2017–2023	Eurasian watermilfoil	Administration authorized and permitted ProcellaCOR treatment in all three Village lakes; Village later stated that treatment reduced EWM populations in all three	Official Village statement
McFadden	2017–2023	Nuisance geese	Administration used goose-management measures, including egg oiling according to McFadden, to reduce goose waste	Official nuisance-geese plan and McFadden firsthand statement
