Please preserve and produce responsive attachments and screenshots with their associated communications.

Search guidance

Likely custodians include the Mayor, Trustees, Village Clerk and Deputy Clerk, Village attorneys, Building Inspector or Code Enforcement personnel, Police Chief or designated police personnel, Village Assessor or Board of Assessors, and any consultant involved in drafting or reviewing the proposed law. Reasonably calculated search terms include: photograph, photography, photographic session, photo shoot, photoshoot, filming, film, video, drone, commercial gain, commercial use, location, rental, Instagram, boathouse, Chapter 51, Local Law 1-2011, McFadden, NYELICK, 61 Turtle Point, and 103-1-24. These terms are search aids and do not replace the record descriptions.

Electronic production and rolling response

Please email responsive records in their existing electronic format where reasonably available, with attachments associated with their parent communications. Because historical records may not be organized chronologically or maintained in one location, please begin with the most recent responsive records and work backward. Please provide records on a rolling basis as they are located rather than withholding the entire production until the historical search is complete. This requested order of production does not limit the dates or scope of the request.

Clarification

If any portion of this request is considered too broad or does not reasonably describe the records, please contact me by email or telephone so that I may clarify or reasonably narrow that portion. When appropriate, please explain how the relevant records are filed, retrieved, or indexed. Please do not treat a question concerning one portion as a reason to delay processing clearly described portions.

Fees

Electronic delivery is requested. If any charge is expected, please provide a written estimate before incurring a cost exceeding \$25. If records cannot be emailed because of volume, please advise what electronic delivery method is available and the actual reproduction cost.

Denials, redactions and records not found

If access to any record or portion is denied, please identify the record or category withheld, state the specific statutory ground for the denial in writing, disclose all reasonably segregable nonexempt portions, and provide the name, mailing address, and email address of the person or body to whom an appeal should be directed. For any specifically requested record that the Village does not possess or cannot locate after diligent search, please provide the certification available under Public Officers Law §89(3)(a).

FOIL response

Please respond within five business days by providing the records, denying access in writing, or acknowledging receipt in writing and stating a reasonable approximate date when the request will be granted or denied, as provided by Public Officers Law §89(3)(a).

Sincerely,

David McFadden and Robin McFadden
