Dear Mayor Citrin and Trustees,

Before tonight's continuation of the Board's discussion concerning boathouses, docks, photoshoots, and the proposed Village Code restrictions, Robin and I are submitting the attached questions for your advance review and inclusion in the official record.

The questions address the Board's lack of substantive responses to our prior submissions; the outstanding administrative FOIL records concerning the proposal's origin, drafting history, complaints, communications, enforcement history, and factual basis; the refusal to provide the August 20 meeting recording; the Police Department's determination that it found no complaint or related police record concerning our boathouse or the photoshoot; the continued characterization of this matter as "renting boathouses" after the Mayor stated that it arose from a photoshoot on our private boathouse dock; the proposal's broader reach; and the availability of narrower, objective, impact-based alternatives.

Please distribute these questions to every Trustee, include them in the official record, and confirm receipt. We request complete written responses, the outstanding administrative records, and access to the August 20 recording before any public hearing on this proposal is scheduled.

Respectfully,

David and Robin McFadden
